

Scottish Open Forecast **6 AM Update** **Thursday, 10 July 2025**

Synopsis -

Skies will be partly sunny today with max temperatures reaching 21C(70F). Winds will increase around midday and reach 20mph at times. A few showers will pass both north and south of East Lothian in the late afternoon and into the evening. Winds will diminish after 6pm and into the evening. Temperatures will warm further on Friday with mostly sunny skies. Winds will turn to the east-northeast in the afternoon. Temperatures will continue to warm for Saturday as high pressure settles over the UK. The afternoon sea breeze will develop with skies becoming partly sunny. Morning fog will be possible on Sunday morning then skies will become partly sunny with winds increasing from the east-northeast.
